612-638-7981 Time2Relax@MassageTherapy.com

Monthly Membership at Time To Relax

The rates: \$60 for a one hour bodywork session \$85 for a one and a half hour bodywork session

Regular rates are \$70 and \$95

How it works: You, the client agree to come in once a month, every month. Payment is per session, at the end of the session.

All the usual forms of payment are accepted (Cash, check, Visa, MasterCard, Discover and Debt cards)

If you need to come more than once a month, the rate remains the same per session. The minimum number of sessions per month is one, the maximum is up to you and scheduling availability.

If you miss a month (or more) without an extremely good reason - for example, you have surgery and aren't cleared for massage, you are out of town/out of the country for an entire month - the regular, full price will be charged for future sessions. All other client policies remain the same.

How to schedule:

Online: select the "60 min bodywork session" or "90 min bodywork session" option. In the "Notes" section, add the word "Monthly".

By phone or in person - that's easy, just tell me! Either way you choose scheduling in advance is recommended.

Client paperwork will be noted with "monthly member" and monthly visits will be tracked on client paperwork.

Yes, I want an easy, affordable way to get the benefits of regular bodywork and agree to come in at least once a month. I understand that if I miss a month, future rates return to full price. All other client policies remain the same.
